Dear Sir :

40th Anniversary Heavy

My name is Paul Hedgum
I'm retired after 35 1/2 yrs, I've
been proud to work for GM &
2 yrs for Delphi after losing quite
a bit on stock with Delphi and
and now turning 65. & my wife
is 63 this comes as a great shock
to me! Limited income and
now this what a slap in the
face! Medical for my spouse
and life ins. really sets us
back. I'm truly disappointed in
the management of Delphi
and hope you think what
could happen too you at this time of
your age!

Sincerely, Paul Hedgum
